The Truth is more powerful than any dreamed up operation
to entrap our enemy.

The simple way for a Quick capture of these foes.

Is when they refuse to investigate crimes that their fellow Bar members -Government employees

I live in the state of Michigan and there is a Trail of evidence and a direct connection to Crimes
and these elected and or Sworn-en in people committed including Murder.

And the way they protect themselves is to do nothing except Murder more People to insure no
chance of Justice to the People and Families that were Harmed.

Just Search My Name in the Government Files in the State of Michigan and Else Where
